Geranium

Scarlet Elegans

King Alfred

The famous Dutch narcissi can be used in beds and in groups as well as for naturalizing. They should be planted in early fall and thrive everywhere, but special in shady spots. Plant narcissi about 8 inches deep and 6 inches apart.

Sweet Scented Dutch Hyacinths

Few flowers are capable of giving more lasting satisfaction than the hyacinths. All bulbs listed should be planted in the fall, so that they are rooted before the frost sets in. Plant your hyacinths at least 8 inches deep and 8 inches apart.

In special hyacinth-glasses, available at small cost, they can be grown in water alone.

Bismarck, sky blue

City of Haarlem, yellow

La Victoire, red

L'Innocence, pure white
